An Aussie Adventure

Take the pressure off your annual concert and let ASPA Education take the reins as we help you deliver this fun and uniquely Australian school musical.

Story Overview

'An Aussie Adventure' is an original musical created specifically for primary school students, that tells the story of two ambitious Partridge Birds visiting Australia for the first time. Headed to the Big City, they arrive in the Top End and meet an array of colorful characters in iconic Aussie locations as they travel across the country. Skippy the Bush Kangaroo, Rosie the Rosella and Gary the Gullah are some of the Aussie icons we meet on their outback adventure that journeys towards your school. Our Partridge Birds are overwhelmed by how many locals help them reach their destination as they learn that helping out a mate is the Australian way.

Features

The storyline allows for the entire school to be involved as part of an ensemble, with an additional three lead speaking roles, seven supporting roles, and ten smaller speaking parts. Thirteen scenes work around ten engaging songs that take the audience on an Australian adventure that ends up in your school's home town! Each grade or class prepares one or multiple songs and dances across a number of workshops led by ASPA Education Instructors.

Students build foundational performance skills while having fun, growing their confidence and working as a group. Workshops are designed to teach students the music and movement for the show alongside activities which focus on the fundamentals of performance. Each song has been selected to be age appropriate, educational and engaging.
